Adrian J. Goldszmidt, Louis R. Caplan : Stroke Essentials 2010 before purchasing it in order to gage whether or not it would be worth my time, and all praised Stroke Essentials 2010:

0 of 0 people found the following review helpful. Five StarsBy amaliagreat book0 of 0 people found the following review helpful. A great handbookBy Zoe's momConcise. Authoritative. Helpful. The reviews of the literature at the end were particularly good as were the controversies. The organization was easy to follow.

Stroke Essentials 2010 provides a concise, authoritative, and practical guide to the detection, evaluation, and treatment of stroke. Primary and secondary prevention measures are also emphasized, forming the basis for a management strategy aimed at halting the progression of atherosclerosis, stabilizing rupture-prone plaques, preventing arterial thromboembolism, and improving prognosis. This Second Edition is completely revised and updated with the latest

information!
