**Christopher See : Succeed in Your Medical School Interview: Stand Out from the Crowd and Get into Your Chosen Medical School** before purchasing it in order to gage whether or not it would be worth my time, and all praised Succeed in Your Medical School Interview: Stand Out from the Crowd and Get into Your Chosen Medical School:

After completing the medical school application comes the last, and often most challenging aspect of the school

selection process; the interview. Notoriously hard to prepare for, it's difficult to know what to read, what questions might be asked and how to answer them. *How to Succeed In Your Medical School Interview* de-mystifies the interview process. It provides clear guidelines and a unique framework; giving you the relevant points to consider while crucially leaving conclusions open to express your own opinions and personality. It provides a systematic and methodical process which enables you to mine information from examiners, whilst demonstrating your academic ability. With a huge bank of questions covering all aspects of the interview spectrum, including a specific section of Oxbridge questions, you will learn how to prepare, how to present yourself and most importantly, what to say.
