By Michael Everyone wants to be success in life but the real one is who know the dealing. This book describes the art of deal. Dealing is easy but techniques are required for. I found this book, explains each and every term quite impressive and easy that everyone can easily understand. It is not only easily understand but also easy to follow.

Thinking Fast and Slow by Daniel Kahneman | Book Summary In this book, youll learn how your mind comes to a conclusion based upon previous results and statistics. Youll learn how to better control your emotions and how to judge why you make the decisions you do. For example, you might find that whenever you think about a friend youll think of a particular memory related to that person. Youll learn in this book that this is an automatic reaction of System One, and then System Two analyses the memory to remember the conversations or exact experiences. This book, if interpreted correctly, will teach you to have a greater level of understanding about yourself so that you can judge why you say, think, and do, providing insight into the things you do in various scenarios.
