Newtongreat book for working on the road while RVing.. a lot of info, some relevant some not, but a lot none the less. This will not find you a job but with the info in the book if you do not find a job you are not even trying any of the idea's Jamie has put

forth. Will you find a 12 dollar and hour job.. most likely not, but finding a job or position at somewhere you get no cost site with elec is worth money. Getting a site with no cost and elec etc plus minimum wage is priceless..I am looking forward to giving this a try when we go full time in 4-5 yrs. Wish us luck.. :) 1 of 1 people found the following review helpful.
