By G Ellis I bought this because I'm headed to Kenya in a few months and wanted to familiarize myself a bit with the Swahili language. It's organized well and has thorough explanations of grammatical structure, etc. Of course, the book wasn't made to be a stand-alone self study book, so there are drawbacks like no way to check my answers to questions or my pronunciation, etc., but it's still working for me.

By Helen Paul A course book we're using for a

university course; comprehensive and suitable for those wanting to learn the language at a fair pace

This is a comprehensive manual intended to teach students the basics of communicating in Swahili at an elementary level.
