By Suzanne Johnson Sybrina has brought the most useful tool to my belt I could ever ask for!!!! The time it took to gather all the phrases is amazing! I started out with the first volume and quickly purchased them all. I never start a project without going through these volumes. I highly recommend even the skilled writer to pick this up and take it for

a spin. For all the new writers out there, this is definitely an essential part of your writing and you don't want to pass this up! 0 of 0 people found the following review helpful. Funny thing about writing, though...it's nothing like telling a story. I bet you've noticed that, too. I'd even go as far as to bet there have been times...plenty of them, when you've been writing along just fine, then suddenly, you hit a brick wall over how to describe the simplest thing. 25 years ago, there wasn't anything much available other than Webster's Dictionary or Roget's Thesaurus and a couple of synonym and antonym books. So, I decided I'd start to put together what I was looking for, myself.
