From Brand: F.A. Davis Company : Taber's Cyclopedic Medical Dictionary (Non-thumb-indexed Version) (Taber's Cyclopedic Medical Dictionary (Non-Indexed Version)) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Taber's Cyclopedic Medical Dictionary (Non-thumb-indexed Version) (Taber's Cyclopedic Medical Dictionary (Non-Indexed Version)):

58 of 60 people found the following review helpful. Great ReferenceBy JSH12I am taking courses pursuant to joining the Medical Coding profession. Unfortunately, the texts (from Pearson) are woefully inadequate with regard to a glossary and definitions. After using a few of the references available at a local library, I decided to purchase the Taber's and am very pleased with the thoroughness of the explanations, amount of detail, quality of the illustrations and photographs, and the additional opportunity to use their on-line references. A solid reference with a number of pluses. 31 of 32 people found the following review helpful. Wow impressiveBy Teresal have several medical books. I am a school for medical coding now and this is great addition to my library. Also give you online access for one year, one less book to tote around if your bags are as packed as mine. This book is small and with amazing detail. I just love it. 17 of 17 people found the following review helpful. Exactly what I needed/wantedBy SierramI needed this book for PT School and provides brand new copies with all disks and/or access codes that you can get if you buy the book at your bookstore. Very pleased with and I will be sure to look at for my future textbook needs.

Tabers 22 brings meanings to life! In hand, online, or on your mobile device anywhere and everywhere, Tabers 22 is the all-in-one, go-to source in the classroom, clinical, and beyond. Under the editorial direction of Donald Venes, MD, MSJ, a team of expert consulting editors and consultants, representing nearly every health care profession, ensures that the content reflects the most current healthcare information.
