They blew it on the last chapterBy RobertI would give this book a higher rating, but I think they did something on the last chapter that is unforgivable. They censored themselves! They printed out some Spanish phrases, then instead of translating them into English, they put "XXX: Too Dirty to Translate"Hello, McFly! The book is called Talk Dirty Spanish! It's supposed to have the translations of all the filthy stuff, that's why you wrote it!People buy this book for various reasons, but mine was to avoid being embarrassed by saying the wrong thing at the wrong time, and if you read the book, you'll see that Spanish has some very odd, tricky sayings that you would not suspect.Censoring your own book! That really takes the cake! And by the way, it says "Uncensored" on the cover! That's a blatant lie!0 of 0 people found the following review helpful. One StarBy CarlosAs a native Spanish speaker, I haven't heard of most of the expressions in the book1 of 1 people found the following review helpful. Amusing but not very usefulBy CustomerI retired to Spain and was interested to get to know some of the local swear words, but Spanish is quite localised and although I enjoyed reading the book, examples from Latin America, or street US slang were not useful.
