Dr. Steven G. Rothrock : Tarascon Adult Emergency Pocketbook before purchasing it in order to gage whether or not it would be worth my time, and all praised Tarascon Adult Emergency Pocketbook:

0 of 0 people found the following review helpful. Exactly what I was looking for By Patricia Greenwell I loved the 3E

of this pocketbook, but it hadn't been updated for the new ACLS so I stopped using it. Now that the update is out, I've come back to using this book every day. A previous reviewer noted that the index is not as good as maybe it could have been, but I find it easier (in this case) to use the TOC as the starting point anyway. 0 of 0 people found the following review helpful. A little out of date
