Stephanie L. D'Augustine, Todd J. Flosi : Tarascon Pediatric Inpatient Pocketbook before purchasing it in order to gage whether or not it would be worth my time, and all praised Tarascon Pediatric Inpatient Pocketbook:

1 of 3 people found the following review helpful. Trying to find ways to make it useful in setting of hospital pediatric medicine in residency but ...By J. Lam Trying to find ways to make it useful in setting of hospital pediatric medicine in residency but just not useful. On the contrary previously found the pink hospital medicine tarascon book to be

invaluable.

Written by two Stanford-trained pediatricians, the Tarascon Pediatric Inpatient Pocketbook includes the most authoritative and up-to-date pediatric practice guidelines, and is packed with easy-to-understand algorithms, tables, charts, and formulas used when treating pediatric patients in a hospital setting. With chapters on endocrinology, hematology, infectious diseases, neonatology, and more, the concisely organized Tarascon Pediatric Inpatient Pocketbook puts vitally important but hard-to-remember facts at your fingertips. The Tarascon Pediatric Inpatient Pocketbook is an essential pocket reference for medical students, residents and attending physicians treating children in an inpatient setting.
