MD, FAAEM, FACMT, FACEP, Editor in Chief, Richard J. Hamilton : Tarascon Pocket Pharmacopoeia 2016 Deluxe Lab-Coat Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Tarascon Pocket Pharmacopoeia 2016 Deluxe Lab-Coat Edition:

6 of 6 people found the following review helpful. Get this updated version!By wpapacDouble the size of the last volume I had. full of good charts and meds that to me only help me do a better job as a practitioner. I buy the lab coat

version because I can't read the small print anymore in the pocket guides. Also books never run out of batteries or need a power source like an IPAD or computer. 1 of 1 people found the following review helpful. Great Book for the Medical Professional to Have Around if the Computers Go on StrikeBy StriderIn an age where the internet is at our fingertips and information is easy to obtain, I find that I turn to this book more frequently than I do the computer. It does not take long to look for a medication, they are divided in speciality or just look in the index. It may take the same amount of time to look for medication in this book, compared to turning on the computer but it is nice not having a sensory overload with all the information a internet search can present. A benefit of owning a book as there are many; is it may decrease the overall time you have to stare at a computer screen daily, never crashes or will not turn on/open because of technical difficulties, something to write on or use as a step stool when you need only 2 inches more to reach the medical supplies at the top of the supply closet0 of 0 people found the following review helpful. It is just as fast to retrieve information as with a smart phone app and the book has more informationBy KLots of information in a pocket guide. I have been using the latest edition of this book for over 10 years. It is just as fast to retrieve information as with a smart phone app and the book has more information.

Used by prescribers around the world, the Tarascon Pharmacopoeia 2016 Deluxe Lab-Coat Edition continues its tradition as the leading portable drug reference packed with vital drug information to help clinicians make better decisions at the point of care. The Tarascon Pharmacopoeia 2016 Deluxe Lab-Coat Edition is an expanded version of the Classic Shirt Pocket Edition, containing more drugs, black box warnings, evidence-based off-label indications for adults and pediatric patients, and additional tables. This reference also includes typical drug dosing (all FDA approved), available trade and generic formulations, metabolism, safety in pregnancy and lactation, relative drug pricing information, Canadian trade names, and an herbal alternative therapies section. Multiple tables supplement the drug content, including opioid equivalency, emergency drug infusions, pediatric drug dosing, and much more. New to the 2016 Edition: New Anti-Hepatitis subclasses FDA guideline updates Added tables for quick reference and ease of use Removal of discontinued drugs and outdated dosing information The Tarascon Pharmacopoeia 2016 Deluxe Lab-Coat Edition is an essential resource for all physicians, pharmacists, nurses, physician assistants, dentists, medical transcriptionists, and other point of care providers. Each edition is meticulously peer-reviewed by experts and is now available in multiple print, mobile, and digital formats. The Tarascon Pharmacopoeia is also available in Classic Shirt-Pocket and Professional Desk Reference versions.
