7 of 7 people found the following review helpful. Easy and DeliciousBy S. ScottI've been looking for a new recipe book with recipes that don't involve having to go to the grocery store 3 times to get hard to find ingredients that I'm only going to use once. This book is awesome! There are a lot of recipes with innovative ways to use common ingredients that you most likely already have in your pantry. Some of the recipes sound strange (think chicken coated in taco seasoning and combined with salsa and peach preserves), but turn out so wonderful and I usually only have to buy one or two things I may not have on hand (like salsa or sour cream - both of which I will use the leftovers for other things!). I've tried close to a dozen recipes from this book so far and every one has turned out great. Highly recommended if you're looking for some new recipes without the hassel of hunting down exotic ingredients.*UPDATE*I've now cooked through close to a third of this cookbook and I haven't had a bad recipe yet.

And that's saying a lot because I'm a picky eater. From breakfast to dinner to desserts, all have been good! I would recommend this cookbook to anyone, beginner and experienced cook alike. The only thing I would add is that a couple of the recipes I tried were a little bland but nothing that a little garlic or herbs couldn't spice up to my tastes. I think the thing I love most is that you can go through this book and pick out recipes that are very different in taste but use similar ingredients so there isn't any waste. I mostly cook for just my husband and myself, but I use this book when I want to do one big grocery shop and I love that I can go almost an entire month without stepping foot inside a grocery store for except for milk and eggs! I've gone back to this cookbook as often (if not more, sorry grandma!) as I go to my grandma's homemade recipe book full of my family's favorites. What a great find! 0 of 0 people found the following review helpful. So many great recipes in this book and makes you want to ...By desertwolf So many great recipes in this book and makes you want to cook them all.. Very easy to follow recipes with wonderful photos of the finished dish and lots of great cooking information. 0 of 0 people found the following review helpful. "Winner" for a reason! By C Sweeney Got this for my boyfriend for Christmas, and he really likes it., The recipes are a great variety mouth-watering foods. Photos of every recipe show you what your dish will look like. The recipes don't require lots of exotic ingredients, and the results are delicious. It's a winner!

For the first time, in one comprehensive collection, Taste of Home brings you 645 ribbon-winning recipes—all easy to make with step-by-step instructions and everyday ingredients. Thousands of recipes from great home cooks were submitted, sorted, screened, tested and judged in national cooking contests by the food editors and test kitchen professionals of the world's #1 cooking magazine, Taste of Home.
