Dr. Yeral E. Ogando : Teach Yourself Haitian Creole before purchasing it in order to gage whether or not it would be worth my time, and all praised Teach Yourself Haitian Creole:

0 of 0 people found the following review helpful. Excellent resource for someone serious about learning Haitian Creole.By Michael DunneSince my first mission to Haiti in 2010, I have struggled to learn Creole. The audio files that are a companion to this book make it a much better resource than most I've tried. Still, to be truly conversant, I believe

one needs to be able to converse with native speakers and that is still a challenge. I would've rated this five stars, but some of the audio files are a bit out of order, which throws me off from time to time. Great book though, which starts where it should - with the pronunciation of letters and combinations of letters in Creole. 5 of 5 people found the following review helpful. Absolutely Brilliant By ROSE This is the best language learning course I have ever seen. The book is clearly set out, and the CDs are clearly spoken and really help with your pronunciation. I still can't believe how cheap it is!!!! 0 of 0 people found the following review helpful. Not very helpful for me By cocoa Mostly practice dialogues, a large dictionary with odd vocabulary, and the author's personal story. Very little instruction about grammar and sentence structure. There are better books, such as Creole Made Easy by Turnbull. Does contain some Christian vocabulary which could be helpful in a mission setting.

Teach Yourself Haitian Creole is the ultimate proven technique for you to master Haitian Creole in less than 3 months. This incredible book will guide you gradually from recognizing Creole alphabet, identifying the words and learning how to pronounce them easily with our Free Mp3 Audio Bonus. Teach Yourself Haitian Creole is not just another book for learning phrases, words, verbs and vocabulary. This amazing book will show you the hidden technique behind the languages and will give you the tools to learn it in a very short time. You will have everything you need to master the language, you just need to pay attention and follow the instructions given in this incredible book. The author of Teach Yourself Haitian Creole has acquired these skills throughout the years by learning more than 10 languages so far. Teach Yourself Haitian Creole is the product of his learning experience. Hundreds of people have already learned using this method; it is your time to learn now. Teach Yourself Haitian Creole consists of 10 lessons. Taking you from recognizing the alphabet and its combinations, learning how to read and write Haitian Creole, even when you do not understand it yet working language patterns and tense construction. Walking out systematically to improve your skills and getting you to the final goal of "Speaking, reading, writing and understanding Haitian Creole". At the end, you will find yourself reading gospel messages in Haitian Creole. Isn't awesome to learn that quick? Did you imagine speaking Haitian Creole in less than 3 months? I know you might be hesitant to believe it, but there are many people already enjoying the languages experiences. People tend to think that learning a new language is a very difficult task and don't get me wrong "It is" when you do not have the correct tool or method to learn. Teach Yourself Haitian Creole is the ultimate method for you to learn easily and effectively. In my experience of language learning, I have found many difficult languages, but Haitian Creole has been so far "The easiest language" to learn. My students learn how to speak Haitian Creole with this very same book in less than 3 months. Try it now and you will succeed in finally learning Haitian Creole.

From the Author Writing Teach Yourself Haitian Creole has been an adventure for me. I first started giving private lessons to organizations and individuals, who wanted to find the best way to learn Haitian Creole; because their organizations or church activities were in the Haitian community. They just came to me saying, "I want to learn Haitian Creole", After teaching Haitian Creole for several years, my students started asking me for the materials in a book format, and that is where this incredible adventure began. It took me approximately 16 months to come up with an easy way to learn Haitian Creole for self-taught people. I had an incredible crew of Haitian brothers working hand in hand with me and we spent countless hours at the recording studio, creating the voices, editing and finalizing the MP3 Voice recording for all the sections in the book. We were all very excited with the book and hoped for good results, because while there were many books out there, these methods were only to learn Basic Haitian Creole words and phrases. Students were not taught to actually speak Haitian Creole. We finally finished the recording and the revision of the book, after several months of work, sometimes working until 2 am at the recording studio, but we made it. The book was released first in the Dominican Republic and soon all our Haitian teachers started to use the book for their personal and private lessons. Christian and non-Christian organizations were looking for the book to train their staff. These organizations started asking for an English version of the book, because most of their staff were English-speaking people, so we came up with the English version. It was not an easy process, but you can finally say that you have a good tool to learn Haitian Creole language, not just a few phrases or words; you can really learn how to speak Haitian Creole with this method. Thank you very much for taking the time to learn using Teach Yourself Haitian Creole, if at any part of your learning experience, you feel that you need a friendly hand, do not hesitate to reach me, I would be more than glad to assist you. From the Back Cover Are you ready to discover your learning potential with our very special technique for Teaching Yourself a new language?
