I am Hungarian and try to teach my boyfriend some Hungarian. This book is great and easy to study with 7 of 7 people found the following review helpful. teach yourself hungarian By scott This is an excellent book if you want a true knowledge of the language as it is spoken in Budapest. I use the book in

conjunction with a tutor, and it is great. There are practices at the end of each chapter to help one wrap up their knowledge. The book moved me quickly through a difficult language (actually as quickly as I wanted to get through...not always quickly) where I feel confident speaking the language one year later. Like anything worthwhile a new language requires patience and commitment. This is the perfect book for those serious about learning Hungarian. My next project is German! Buy it!!
