As I'm reading, it's getting me excited and motivated to look into starting an adult ESL program in my area. I love teaching English to adults and am finding this book to have good, solid information on various ESL programs and methods for teaching adults. I also appreciate the lists of additional resources. In fact, I've come back to to pick up a few of the suggested titles. Again, I'm really enjoying this book! 0 of 0 people found the following review helpful. ESL Book By Kat great information 2 of 2 people
