Marianne Celce-Murcia, Donna M. Brinton, Marguerite Ann Snow, David Bohlke : Teaching English as a Second or Foreign Language, 4th edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Teaching English as a Second or Foreign Language, 4th edition:

4 of 4 people found the following review helpful. It's great to have the up-dated version of this textbookBy Sassy SeniorIt's great to have the up-dated version of this textbook. Being an educator with an M.A. in ELL, I need to keep up with all of the most current theories and teaching strategies. I have used Celce-Murcia's text throughout my Master's program and consider it an absolute must have.The textbook arrived as promised and the condition presented. I would use this vender again if the need arose.5 of 5 people found the following review helpful. I love this bookBy TAI love this book. It's a nice read with great ideas about teaching ESL/EFL. I think it's a beneficial book for those who already have some relatable teaching experience; however, anyone could get some great tools and tips. The book is pricey. I purchased it for a course, otherwise I might not have gotten it on my own for how much it costs. Nonetheless, I did enjoy reading it.2 of 2 people found the following review helpful. but I was pleased to have this

book in my repertoireBy cbumiakIt is a heavy but thorough read. It is also a little repetitive but well worth the cost because it leaves you with much food for thought. There are not any specific references I can conjure, but I was pleased to have this book in my repertoire.

Now in its fourth edition, this comprehensive, best-selling methodology resource gives both prospective and experienced ESL/ELT teachers the theoretical background and practical applications they need to decide which approaches, materials, and resources can and should be used in their classrooms.

From the AuthorThe following chapters are new to this edition: Principles of Instructed Second Language Learning Teaching English in the Context of World Englishes Fluency-Oriented Second Language Teaching Developing Engaged Second Language Readers Spoken Grammar Assessment in Second Language Classrooms Tools and Techniques in Effective Second Language Teaching Teaching Language Through Discourse Task-Based Language Teaching and Learning Motivation in Second Language Learning Teaching Young Learners in ESL and EFL Settings
