a must read for music directors. This book will enlighten you to a new approach to conducting and running your student rehearsals. It works on every level: elementary and secondary. The techniques revealed in this book will help you organize your time and strategies to have positive and productive rehearsals that will be inspirational for both you and the students. I know this for a fact because I used it in my instrumental program and got great results. I believe it's the best book out there for getting the most out of your students and building a positive learning environment. 0 of 0 people found the following review helpful. Music Teachers. By Jacquelyn Suarez Purchased for my niece. She loved it. Preparing her to student teach next year. If there are music teachers in your family, I recommend this gift. 0 of 0 people found the following review helpful. Easy read! By Customer This was assigned as a textbook for my music methods class, and reading it didn't even feel like homework! I now want to read the rest of Boonshaft's books! Learned a lot without feeling like I was studying.
