Xueping Wu, Yiqun Ye : Technical and Vocational Education in China (Zhejiang University Press) before purchasing it in order to gage whether or not it would be worth my time, and all praised Technical and Vocational

Education in China (Zhejiang University Press):

Technical and Vocational Education in China provides a comprehensive and up-to-date coverage of research on vocational education in China, including the development and its reform trend. The book discusses vocational education of different levels and different sorts, from its development history, regulations and policies, occupation and social obligation to the setup of curriculum and specialty, teaching, faculty, and management, etc. The book is intended for researchers and graduate students in the fields of vocational education. It also helps foreign readers have some idea of the general situation of vocational education in China.

About the AuthorThe Authors: Dr. Xueping Wu is a professor of College of Education at Zhejiang University, China. From 1990 to 1991, she worked at Sussex University in the U.K. as a visiting scholar. She often attends international educational conferences and keeps a close relationship by academic exchange and cooperation with foreign scholars in the U.K., U.S.A., Italy, Germany, Japan, Korea, Sweden, Denmark, etc. Dr. Yiqun Ye is an associate professor of Scientific English at Zhejiang University.
