Susan M. Reinhart : Testing Your Grammar, Revised Edition (Law, Meaning, and Violence) before purchasing it in order to gage whether or not it would be worth my time, and all praised Testing Your Grammar, Revised Edition (Law, Meaning, and Violence):

0 of 0 people found the following review helpful. marks and notes all over the book supposly like newBy Tareksome one have notes and marks all over the book I shouldn't be pay extra for the like new .no need to believe everything sellers say about the quality of the book0 of 0 people found the following review helpful. Pretty cheap and very newBy Baoyi HuangIt's value!! Pretty cheap and very new!0 of 0 people found the following review helpful. ExcellentBy ZhangI bought this book with only 1 cent. And the book is just like a new one. Thank you very much.

Testing Your Grammar provides the most comprehensive review of the grammatical structures of English and is excellent practice for students taking English language proficiency exams. Testing Your Grammar covers all of the major aspects of English grammar -- count and non-count nouns, agreements, verb tense, modals, comparisons, complex cause structures -- that ESL students need to manage in order to improve their English. With all units enlarged or significantly modified, the new and improved edition of Testing Your Grammar features reworked grammatical explanations and more example sentences so grammar points are easier to understand. Other features of the new edition: Explanations have been added to the answer key. A review test is found at the end of every two units. At the end of the book are four examinations that can be used for either pre-testing or post-testing.
