markings are so similar to regional ones that it's difficult to see outlines of countries in a glance. I carefully went over country borders with a fine felt-tipped marker and it made a big difference.0 of 0 people found the following review helpful. Perfect for what I needed it forBy DMMThis map is huge! Unfolded it's about 3'x4'. Perfect for what I needed it for. I tacked it up on the wall to plan a trip. I don't think I'll take it with me when I go as it is just too big to be functional. It's very detailed, and has good info on top places to visit. My only other complaint is its hard to distinguish the national borders on this map (I outlined the countries with black marker so problem solved). Overall it's great for what I'm using it for.0 of 0 people found the following review helpful. Planning A TripBy Carol L.
