Wallace O. Chariton : That Cat Won't Flush before purchasing it in order to gage whether or not it would be worth my time, and all praised That Cat Won't Flush:

A male cat is a "ball bearing mouse trap" This book is just chock full of country sayings, all guaranteed to make you a little more interesting. In Texas, coffee with cream is referred to as "blond coffee". A friendless man is a "one buggy man" meaning when he's buried the only buggy at the funeral will be that of the undertaker. And you

could say, "when the tailgate drops, the BS stops", meaning actions speak louder than words. It comes from hunters driving out to hunt with their dogs, There's always bragging about how good your dog is, but once the tailgate drops, we'll see who has the best dog.I just love this stuff, and try to memorize at least one a day to dazzle my friends with my Texan. My only complaint with this book is that it's a little hard to look up words in it. It is, however a great book to just grab and open a page, any page and be amused. Texas talk is something all snowbirds should learn. It works in all western and southern states. I give this book out as gifts to my duller friends:)
