**Robyn Griggs : The 201 Best Things Ever Said!** before purchasing it in order to gage whether or not it would be worth my time, and all praised The 201 Best Things Ever Said!:

0 of 0 people found the following review helpful. Why do people buy these type of booksBy W. Sean McLaughlinIt's always been a bit of a mystery as to why people buy this type of book (I received mine as a gift). The 201 Best Things Ever Said purports to be just that, a compendium of clever, witty and useful quotes. It takes about 5 minutes to "read" this book, and I found that once I glanced through it once or twice, I never looked at it again.The quotes aren't organized in any particular way and there's no index, so if you're looking for a quote on a particular subject, good luck finding it. Furthermore, many of the quotes really aren't that interesting (and certainly aren't the best things ever said) and many were said by people I have never heard of. I also find it hard to believe that Lily Tomlin has 3 or 4 of the greatest quotes in the history of mankind.I think you have to be a real quote lover to buy this book. People looking for a useful book of quotes should try and find a book with an index and quotes organized by subject/theme.

Caricatures through-out add to the enjoyability of these timely quotes.
