Robert A. Kasky, Jeffrey A. Kasky : The ABA Consumer Guide to Adopting a Child: Everything You Need to Know for a Successful Adoption before purchasing it in order to gage whether or not it would be worth my time, and all praised The ABA Consumer Guide to Adopting a Child: Everything You Need to Know for a Successful Adoption:

2 of 3 people found the following review helpful. Horrible title good informationBy Heidi G. There were a few things that I found incorrect in the book regarding private adoptions in all states when not all states allow private adoptions

(like Delaware). However there is a disclaimer at the beginning about the authors basing the book on Florida law. But other than a few things I thought this book was really useful in regard to describing the process of adoption. The stories throughout the book of real situations were really good and found them to be very true to what I have experienced while working in the adoption field for so long. I also really appreciated that the authors really seemed to endorse prospective adoptive parents to keep their word and not promise something to a pregnant woman that they have no intention on following through with just to obtain a child. However I did have a hard time with the fact that the ABA is endorsing this book that has a grotesque title that almost seems to be promoting the image of baby selling. I also found that while the authors kept saying they didn't want you to contact them for help it was almost another way of plugging their business. Overall though this book has a lot of good information despite its flaws. 2 of 2 people found the following review helpful. Was fortunate enough to come across a copy of this revolutionary ... By Rick Was fortunate enough to come across a copy of this revolutionary book. Made a difficult topic to even talk about much less initiate easy to understand. I highly recommend Adopting a Child be a primer for anyone thinking about going through the process. The book took the mystery and fear out of the equation. 1 of 1 people found the following review helpful. The most informative source I've found By Jillynyc I am so happy to have this intimate knowledge and experience behind me as I continue the adoption process. There is so much valuable information in this book and so many things that unsavory agencies don't tell you. I highly recommend this book to any and everyone who is considering adopting a child and giving a beautiful home to an unwanted baby.

Adopting a child is an extraordinarily important decision. In this authoritative guide, adoption experts Robert and Jeffrey Kasky provide all the information needed to navigate the adoption process and to successfully adopt a child. The book discusses the various types of adoptions; alerts readers to adoption scams; and guides readers in selecting a reputable attorney or adoption agency. Highlights include: The rights of the birth mother, birth father, and the issues involved in an open versus a closed adoption. The costs associated with adoption. Stories of actual adoptions that exemplify key points and make the book an engaging read. For anyone thinking about an adoption, this book provides all the information need to approach the process with confidence and make good decisions every step of the way.

About the Author Robert A. Kasky is a Florida adoption attorney and co-founder of One World Adoption Services, Inc. He has handled or consulted on several thousand adoption cases. He resides in Deerfield Beach, Florida. Jeffrey A. Kasky, Esq., co-founded One World Adoption Services, Inc., and has completed well over 1,000 adoptions in his career. Jeff lectures extensively on adoption fraud and scams and often testifies as an expert witness in adoption matters. He resides in Deerfield Beach, Florida.
