Robert L. Adams (Editor) : The Adams Resume Almanac (Paperback) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Adams Resume Almanac (Paperback):

1 of 1 people found the following review helpful. DisappointedBy BCCMI had purchased the First Adams resume book and it was a great help. I purchased the set and it was redundant. Both books had the same examples and I don't feel it offered as much as the first edition. It's good to have, but you could get the equivalent or better searching online for resume samples. If you do purchase it try to find it as cheap as possible.0 of 0 people found the following review helpful. Resume AlmanacBy Marie D. Czechwhat is shown in the picture is the Resume Almanac WITH DISKETT _ BUT what was SHIPPED OUT TWICE me was ONLY the Resume Almanac WITHOUT the DISKETTWhat is Shown in your On line pitcure IS FALSE advertizement...if you are selling the one with the diskett then it should be what is shipped!!!Was very disatified both time!!!10 of 10 people found the following review helpful. Good compilation of resumesBy A CustomerThe Adams Resume Almanac is a pretty decent compilation of resumes and cover letters. But it is only a compilation. This book, as the cover states, has over 600 resumes and 50 cover letters. If you already know how to write a resume and cover letter and you are just looking for ideas or situations that may apply to your current situation, you may be able to get ideas from the work of others. However, there is no exhaustive review of resume writing strategies as mentioned in the synopsis. Approximately 5 pages of this book are spent on writing your resume. The remainder of the book contains numerous examples of other peoples resumes. I do like this book. However, I would not recommend it as your sole book on resumes and cover letters. It is mainly a good companion book.High Impact Resumes and Letters, by Ronald L. Krannich and Winning Cover Letters, by Robin Ryan, are two books that I would highly recommend. The former is an in depth book on the entire job search process.

And the latter is an excellent book concentrating on various letters, cover letters in general. These two books, in conjunction with The Adams Resume Almanac, will definitely assist you in writing a powerful resume and cover letter that will be noticed by employers.
