From Grand Central Publishing : The American Century Thesaurus before purchasing it in order to gage whether or not it would be worth my time, and all praised The American Century Thesaurus:

1 of 1 people found the following review helpful. Quick guide to finding the right word By Anacortes shopper This is

really a helpful guide. I keep it next to my computer, so it's always available when I'm stuck for a word. This is the second copy I've bought. 0 of 0 people found the following review helpful. "Abundant Synonyms Choices" By RON 101 The thesaurus is crammed with synonyms, over 250,000, very convenient to use too. This thesaurus is based on familiar and frequently used headwords arranged in alphabetical order and interconnected by cross reference, which makes it easier to find the relevant synonym one is searching for. Headwords are sub grouped into their alternative meanings, followed by synonyms with common meaning(s) but yet slightly different purports. Each synonym subgroup contains plentiful terms and flavours to choose from to express oneself, as: colloquial, slang, taboo, old-fashioned, verb phrase, idioms, technical and more. Putting together all these features, facilitates choices for the precise synonym meaning that one has in mind. I enjoy too just browsing this thesaurus, it not only enriches one's vocabulary, but it's also entertaining; it often puts a smile on my face while reading humorous slang terms and phrases.

The Best Way to Find the Right Word! Compiled by the eminent lexicographer Laurence Urdang and drawn from the unabridged hardcover edition published by Oxford University Press, The American Century Thesaurus is the most authoritative and easy-to-use synonym finder available. Unlike other books that are indexed by concept, its simple A-to-Z organization allows immediate access to word choices, as well as other useful information and cross-referencing. Just look up the word the way you would in a dictionary... * Synonyms are grouped according to shade of meaning-making it easy to quickly locate the terms you want. * "Bubbles" (degree marks) indicate other words that have their own listings-making it easy to find related terms quickly. * Italic labels indicate whether a word is colloquial, slang, taboo, archaic, old-fashioned, technical, or literary-making it easy to choose synonyms accurately and precisely.
