Ronald Auerbach : Think Like an Interviewer: Your Job Hunting Guide to Success before purchasing it in order to gage whether or not it would be worth my time, and all praised Think Like an Interviewer: Your Job Hunting Guide to Success:

0 of 0 people found the following review helpful. Covers everything!By JTNo nonsense book that covers every issue a jobseeker will likely encounter in the process of looking for employment. Very thorough and insightful.1 of 1 people found the following review helpful. This is how every job candidate should thinkBy Terry PileI continually remind my clients they need to think like an employer. It is nice to see Rondald Auerback agrees and has written a book about it. "Think Like an Interviewer" prepares the potential interview candidate for every type of interview situation from the meal interview, to a face-to-face meeting to the computer-based interview. It also does a good job of preparing the reader for behavioral interviewing (popular today), the most commonly asked questions and how to respond to illegal questions. There is a special section for students who are just out of school and looking for a first job. It also has an

excellent resource section at the end. I found the first section of the book on resumes and cover letters a distraction and would have liked the whole book to be devoted just to interviewing. The strength of this book is helping job candidates understand what an employer is looking for and how to respond in a way that will get them hired. 0 of 0 people found the following review helpful. Inclusive! By frisco mama Only four stars because, really, it's a job hunting guide and they aren't that much fun to read. That said, I appreciated that the advice was not restricted to "tell them how many million dollars you saved your last employer." Many job hunters do not have a lot of experience and are not seeking top management jobs, and as I browsed through a bunch of job-hunting books from my public library (don't tell my current boss!) I found this was the only one that seemed to speak to a broad range of job hunters.

Praised by hiring managers and career advisors, Think Like an Interviewer is a job hunter's best friend. It'll help you be successful and blow your competition away. Full of with tips and tricks you won't find anywhere. The perfect resource for anyone looking for work today. CHAR(13) + CHAR(10) Within its pages, you'll learn: CHAR(13) + CHAR(10) Various interviewing methods and how to handle each one successfully How cover letters, resumes, and interviews fit into the hiring process Valuable tips and information for creating a winning cover letter and resume The main purpose behind many interview questions How you can successfully respond to interview questions Mr. Auerbach is a master at presenting information in a very straightforward way that is very easy to understand and follow.
