**From Brand: Hw Wilson Co : Third Barnhart Dictionary of New English** before purchasing it in order to gage whether or not it would be worth my time, and all praised Third Barnhart Dictionary of New English:

Book by

From Library JournalThrough the addition of new scientific and technical terms, slang, initialisms (EPA, TESOL), foreign borrowings, and new combinations (miniskirt, kiss of life), the English language is growing fast. Older words are also acquiring new meanings. Dictionary makers have therefore taken to publishing supplements to their unabridged dictionaries: Merriam-Webster's latest is 12,000 Words (1986). The Barnhart supplement also defines some 12,000 new words, acronyms, abbreviations, and phrases adopted in the last 30 years and updates some of the entries in the first two editions of the Barnhart dictionaries. Each entry contains at least one illustrative quotation and a date when the term came into use. Pronunciation and etymology are provided where needed. The only usage label is "slang." Recommended.- Catherine V. von Schon, SUNY at Stony BrookCopyright 1990 Reed Business Information, Inc.
