By Beatrice Izzey Google maps just does not do justice to this 90 mile wide county that is Los Angeles. It's a fat heavy spiral bound book but it's a big, big city. The one weakness is, it should have a one page freeway map somewhere. Bad that the spiral splits the two page freeway map in the most important intersections. 0 of 0 people found the following review helpful. L.A. and Orange county guide book By Robert E. Wolfe IN the day and age of GPS what does anybody need a map book for? I do. I like to anticipate where and how I'm going to get to my destination. 0 of 0 people found the following review helpful. I especially like the new By Gail H. Even with GPS I use this guide frequently. I especially like the new, larger size making the small print easier to read.
