A book every high school student should be givenBy Phillip EnrightThe contents of this book are essential to the success of every high school student - that our educators are not promoting these truths, highlights just how poorly directed is our (USA and Australia) education system.0 of 0 people found the following review helpful. Most effective format to get a job interviewBy brioThis brilliant, no-nonsense book will walk readers through a process of preparing a non-resume document that will get the hiring manager's

attention since it stands out of the "pile"... This unique format got the most positive responses and more interviews than any other traditional format...

Updated to meet the demands of the job market as we enter the 21st century, this long-time favorite among career advice books shows how to launch a personalized job campaign. It also tells how to overcome the limitations of ordinary resumes, which usually say too little about what a job-seeker really has to offer.
