Great reference!0 of 0 people found the following review helpful. unless you only like Rimmer and Dave ListerBy Joe CroweThis one is literally a companion piece to the A-K edition of Total Immersion: The Comprehensive Unauthorized Red Dwarf Encyclopedia.http://www..com/Total-Immersion-Comprehensive-Unauthorized-Encyclopedia/dp/0578150573You should probably buy both, unless you only like Rimmer and Dave Lister. All the stuff about Kryten, the cat, Kristine and Holly are in the other book.But this one has the female version

of Lister, George MacIntyre and Pete Tranter's sister. So that's something. I am amazed at the amount of geeky detail. It's a tribute to the show that there are so many facts and minutiae to put in a book. It's also a tribute to the show that this book is so fun. 0 of 0 people found the following review helpful. Insanely detailed By Haven Riney Companion piece to Total Immersion A-K, this had more information than I ever knew about Red Dwarf. Highly recommended for any fans of the Boys from the Dwarf.
