**Dave Hunter : Totally Interactive Guitar Bible** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Totally Interactive Guitar Bible:

0 of 0 people found the following review helpful. Fantastic for All Levels By Chuckles This is a fantastic book. I am an intermediate level guitarist. If I practiced more, I could even be good! \*smile\*. This book starts off with the basics of guitar and music. It then steps you through learning guitar at a nice pace. In the end, (I'm not there yet), the playing level is significant. The accompanying CD has the guitar lessons at slow and normal speeds so you can really get a feel

for the material and practice at an appropriate speed. I highly recommend this book. 0 of 0 people found the following review helpful. **Guitar Bible** By J. Walsh My husband teaches guitar in a church mentoring situation and has shared with his students and recommended to them. We first checked it out from our local library and he liked it so much I got it for a christmas gift. The spiral back makes it very easy for him to use and play at the same time. Thanks! 0 of 0 people found the following review helpful. **Excellent Reference Book** By Dr. Sickstrings This is an excellent reference book. It includes CD and DVD music tabs, and a history of guitar manufacturers. All of this comes on heavy paper with excellent illustrations. An excellent resource.

Guitar enthusiasts everywhere will soon be shouting "Hallelujah!" when they get their hands on the **Totally Interactive Guitar Bible**. This is the most original and comprehensive guitar resource available. Contains four fully-integrated components packaged in a deluxe easel. The DVD features guitars of all types demonstrated by the author and recording artist Barrie Cadogan. You'll learn about the history of each make and model and how to bring the instruments to life. Clips feature great players like Stevie Ray Vaughn, Carlos Santana, and Slash. The Reference Book lists all of the facts, figures, and insider information about guitars the top makers, their iconic models, the rare and famous instruments. The Tutorial comes in its own bound flip chart folding music stand and includes 100 specially-written graded exercises for playing the guitar across a range of styles, from rock and blues to jazz and country. The CD showcases all 100 of the graded exercises played and recorded by professionals to help you hone your style and technique. Guitar fans, get ready to hoist your lighters this book is finger pickin good!

**About the Author** Dave Hunter was born and raised in Cincinnati, Ohio, and now makes his home in England, where he is a professional journalist and musician. He is the former editor of *The Guitar Magazine*. For the past 3 years he has been a recent research contributor and commentator for several television and radio programs on the guitar.
