looking for a wonderful book about sailboats. I think it is geared for newer sailors and folks looking for a new old sailboat. 0 of 0 people found the following review helpful. Still ashore, but this book focuses the dream. By Fred Boyd
Great review of older, less-expensive boats to cruise in. Helpful info on each of the boats. Particularly appreciate headroom info. Would be great if a spreadsheet was available summarizing the data on line.

n Twenty Affordable Sailboats to Take You Anywhere you will find in-depth reviews of twenty affordable, comfortable, and seaworthy sailboats. These boats range in size from 30-38 feet, an ideal size for the cruising couple, yet big enough to accommodate an occasional cruising hitchhiker or two. All of these boats were once prominent offerings, designed by some of the world's leading naval architects and produced by reputable manufacturers. These boats are still readily available in the used boat market.

Gregg has done a fine research job here, one pleasingly devoid of flim-flam. It's a truly helpful tool for those of you wading with trepidation into the murky waters of boat-buying. --John Vigor- Author, *Twenty Small Sailboats to Take You Anywhere* "This is how one finds an affordable boat: one reaches back into a previous era and finds a gem that has stood the test of time. Call it a classic fiberglass yacht. Call it a good old boat. Whatever you call it, this is part of the affordable dream. Want to go sailing? Gregg Nestor will help you find the boat to make your dream come true." --- Karen Larson - Founder/Editor, *Good Old Boat Magazine* "From hundreds of candidates, Gregg Nestor has chosen 20 of the best cruising boats from the 1960s, '70s and '80s. Ranging from 30 to 38 feet, his criteria are spot-on: Seaworthy design and solid construction at an affordable price. Nestor tells you everything you need to know about all three, plus he adds comments from those who understand these boats intimately: the owners. This is the kind of book that makes the cruising dream come true." ---Dan Spur - Author, *Spur's Guide to Upgrading Your Cruising Sailboat* About the Author Gregg Nestor's sailing experience goes back to 1979 when he purchased his first daysailer, and has grown ever since. He is a freelance writer, and has written numerous articles which have been featured in several sailing magazines, including *Sailing*, *Latitudes and Attitudes*, *Small Craft Advisor*, and *Good Old Boat*, where he is a contributing editor. The inspiration for *All Hands On Deck* came from a recent sailing adventure through the Exuma Island chain in the Bahamas.
