Mark Chatterton : U2: The Ultimate Encyclopedia before purchasing it in order to gage whether or not it would be worth my time, and all praised U2: The Ultimate Encyclopedia:

3 of 3 people found the following review helpful. The Ultimate reading experience By Tyler sargent with out a doubt a really highly informative book on every aspect of U2 from venues of tour to individual songs as well. there's nothing missed in this book what so ever a must have for any collector of U2 that really wants the full scoop along w/ a concert documentry

Revised and expanded, this edition of the U2 compendium offers a reference guide to the biggest band in the world. U2 continued their world-wide success, completing the Elevation tour culminating in their triumph at the 2002

Grammy awards. Compiler Mark Chatterton has continued to assemble a comprehensive U2 database including: singles, albums, CDs, videos and DVDs, concert listings, solo appearances, band members, associates and collaborators and much more.

"Everything you ever wanted to know about one of Ireland's greatest exports... Fascinating." OK Magazine "A comprehensive A-Z of all things U2. ... It's horrendously wide-ranging. Easy to read, easy to recommend. Excellent." Record Collector "Every song and every concert the band ever played is listed, while even the most obscure collaborators and associates get their names mentioned..." MojoAbout the AuthorMark Chatterton is an established rock writer. He has written extensively on many groups from the past 30 years, as well as numerous sleeve notes for a variety of artists. He is co-author of *Blowin' Free: Thirty Years of Wishbone Ash* (Firefly Publishing), as well as being editor of the magazines *All Flared Up* and *Silver and Gold*. He has contributed to many influential rock magazines including *Record Collector*, *Blueprint*, *Hard Roxx* and *Wondrous Stories*.
