Keith Waterhouse, Richard Littlejohn : Ultimate Book of Useless Information before purchasing it in order to

gage whether or not it would be worth my time, and all praised Ultimate Book of Useless Information:

Hot on the heels of the sensational success of the first Book of Useless Information, the Official Useless Information Society bring you another essential compendium of everything you never needed but always wanted to know. Were you aware, for example, that dynamite contains monkey nuts as an ingredient? Or what percentage of the world's population is drunk at any one time? The vital statistics of a groundhog? Or the odds of being killed by a tornado? If the irredeemably pointless turns you on, then this is the book for you.
