Lynn Williams : Ultimate Interview: 100s of Great Interview Answers before purchasing it in order to gage whether or not it would be worth my time, and all praised Ultimate Interview: 100s of Great Interview Answers:

0 of 0 people found the following review helpful. Everything you wanted to know about interviews. By Laurie This is an amazing book! I'm actually surprised there aren't that many reviews. Very well thought out, and well written book. Covers from right after you apply and how to prepare your self, to answering common interview questions, till the follow up email. It gives you interview questions with specific answers, that you can tailor to your own situation. It's separated by job category, such as: Questions for Creative Jobs: Core Question: Will you deliver? Questions for Management Jobs: Core Question: Will you get results? If I could rate it higher I would, lots of great information in

this book. This is a book that will not be obsolete in 5 or 10 years; think of this book as an investment that will carry you through all of your interviews with a guiding hand. This truly is about having the Ultimate Interview! 1 of 1 people found the following review helpful. LOVED IT!!! By Steve THIS BOOK DEFINITELY HELPED SECURE ME A NEW JOB!!! I checked out several books at the lib, and bought a few more online; and, this was the BEST one! THANK YOU!!!

In preparing for an interview, it's useful to understand what organizations are looking for in a candidate. Ultimate Interview offers insight into how employers decide what they are looking for in a job candidate, how they use this to draw up the questions, how selection procedures work, why employers conduct interviews and what's likely to happen at the average interview. Williams gives all of the background information that candidates need as well as essential practice. Uniquely among interview guidebooks, this book organizes common interview questions according to specific job types, such as management, sales and marketing, administrative, clerical. This helps focus on the questions that are most relevant to a specific situation. Each section looks at the thinking behind the questions, and suggests an effective method of answering.
