**Parragon Books : Ultimate Sharks Encyclopedia w/DVD (Discovery Kids) (Discovery Book+dvd)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ultimate Sharks Encyclopedia w/DVD (Discovery Kids) (Discovery Book+dvd):

2 of 2 people found the following review helpful. Nice book on sharksBy Monica LynnNice book on sharks... the DVD not so much. Too technical. Wanted to see all the fish and sharks underwater. Instead it focused on large machinery used under water.....0 of 0 people found the following review helpful. The book is really good, but the video is not about sharksBy Amber MasonThe book is really good, but the video is not about sharks. It's about discovering the bottom of the ocean, humpback whales, and the coral reef. No Sharks! Don't get me wrong it's a great video but My son wanted a shark video.1 of 1 people found the following review helpful. Great purchase! My 7 year old loves them!By Shannon KultMy son loves the nook and the movie. The movie really isn't about sharks but he still

loves it.

Great for projects or family reference, this fact-filled book and DVD pack has everything you need to know about Sharks. The book includes hundreds of amazing shark facts, figures, and diagrams that really bring their ocean world to life! Explore exciting and in-depth content, dynamic images and accessible information all checked and verified by experts. Discover even more about the underwater world with the Ultimate Oceanic DVD, featuring three breathtaking Discovery Channel programs. Dive down to the bottom of the sea, uncover rare life forms and explore the oceans, from the Pacific to the Antarctic. DVD Running time: 129 Minutes
