It is quite small and rather thick... doesn't make the best coffee table book.0 of 0 people found the following review helpful. Pretty good resourceBy Barbara R.It's good, although difficult to read due to font and overall book size (SMALL!). I do appreciate all the visuals.1 of 1 people found the following review helpful. This was a gift for my 9 year-old grand nephew ...By Linda BassThis was a gift for my 9 year-old grand nephew. He got into it before he opened his other presents. That's recommendation enough.

Updated and expanded, this easy-to-use reference covers everything from prehistoric Earth and science, to sports, art, and music. Also includes more than 6,000 full-color photographs and illustrations, and visual definitions of more than 33,000 terms
