Very Satisfied with the purchase By Mr. Reza Matouri I am very satisfied with the purchase through . I received the book 8 days after ordering where I suppose to expect it some 6-8 weeks after. the book is in a very good condition (difficult to tell it is not new).

Written to help people who find maths difficult and have, as a result, trouble in grasping electrical and electronics theory, this book helps such students to understand the mathematical principles underlying their subject so that they can go on to tackle problems in practical circuits.
