Jane Ballback, Jan Slater : Unlocking Your Career Potential (Personal Growth and Development Collection)
before purchasing it in order to gauge whether or not it would be worth my time, and all praised Unlocking Your Career Potential (Personal Growth and Development Collection):

Do you wish you could get more out of your career? By analyzing five areas that are key to understanding yourself and your career potential, you can build career confidence which will allow you to recognize opportunities presented

to you, articulate what you want, and make decisions that are right for you.
