Cartwright This collection of work by the French artist, Antoine-Louis Barye, is the first time I've had a chance to see the body of work he produced during his lifetime. Full of wonderful photos and anecdotes, it is the kind of book that will be a pleasure to read many times. 0 of 0 people found the following review helpful. Gathering works from the Walters Art Museum in Baltimore, whose collection of the sculptor's work is second to that

of the Louvre, this book looks at the artist's animal sculptures, renowned for their technical brilliance.
