The words are always funny and surprising. Each page gives the date, holiday (if any), word of the day, definition, and the word used in context. Some of the words could be considered inappropriate (which is expected from urban dictionary) You do have to remember to keep up with it, but that's expected of any pull off calender.0 of 0 people found the following review helpful. Learn New Slang Every DayBy JGamer17Not sure why other people are giving this such bad reviews. Sure some of the examples are lame but I don't think this calendar is meant to be laugh out loud funny. I like learning a new slang word everyday (well most, have ran across some I already knew). It's a tear off calendar. I thought it was worth the money, but yeah maybe a bit more work could have went into the examples.0 of 0 people found the following review helpful. Kinda weirdBy NeeieMaybe I'm too old, but this calendar was kinda weird....more for younger folks...maybe it would make more sense if I was in college...oh well....inexpensive, but for the young folk...
