**Olga Kagan, Frank Miller, Ganna Kudyma : V Puti Value Pack (includes Reference Grammar for V Puti, Student Activities Manual and Oxford New Russian Dictionary) (2nd Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised V Puti Value Pack (includes Reference Grammar for V Puti, Student Activities Manual and Oxford New Russian Dictionary) (2nd Edition):

1 of 1 people found the following review helpful. By Andrew This package included the textbook, the workbook, a grammar guide, and a dictionary. I found the combination to be very useful. In the textbook, lots of new words and phrases are introduced every chapter. Be prepared to study. The grammar book is also very nice. All six cases (nominative, prepositional, accusative, genitive, dative, and instrumental) are written out with all the endings for nouns

and adjectives. Every word I've ever wanted to look up in the dictionary. The only complaint I have is about the workbook. I have to rip out the pages, and as they are not perforated, sometimes the pages rip in half. I usually end up cutting the pages out with scissors which is quite an inconvenience. Overall a very good bundle! 0 of 0 people found the following review helpful. and I remember hating the book and being glad that I was using it for 8 weeks By Charlie~I used this a few years ago in a summer language program, and I remember hating the book and being glad that I was using it for 8 weeks, not an entire academic year. The grammar lessons in the textbook itself are difficult to follow. The one good thing -- the reference grammar book. If you need to use this, ignore the grammar lessons in the book itself and use the reference! 0 of 0 people found the following review helpful. Used for intensive summer course, did the job By Justin Used the book in an intensive summer course and the material was very helpful, although sometimes the dictionary words and the words found throughout the unit did not align. Otherwise, it was a great book that helped me progress!
