3 of 3 people found the following review helpful. My Students Love Side By Side! By SuziQ38 These two books are very good. They are easy to understand, and I love teaching from these books. The "Plus" version is particularly interesting, with the added instruction and conversation pages at the end of each and every chapter. The important thing is that my students enjoy learning English from these books. 0 of 0 people found the following review helpful.
