**Vault Editors : Vault Guide to the Top Pharmaceuticals Biotech Employers, 2006 Edition (Vault Guide to the Top Pharmaceuticals Biotech Employers)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Vault Guide to the Top Pharmaceuticals Biotech Employers, 2006 Edition (Vault Guide to the

Top Pharmaceuticals Biotech Employers):

1 of 1 people found the following review helpful. This book is VERY disappointingBy Wesley KimThis book will not give you the information you are looking for in terms of workplace culture, hiring info, etc. All it does is provide background information on how the company was started, some of the drugs each company sells, and recent news events regarding each company. The "hiring" section just provides a website where you can go to apply for jobs which you can easily find on your own from ANY pharmaceutical company's career page.In summary this book is just a collection of all the major pharmaceutical companies out there with a quick bio on the company, how it was founded, what some of there major drugs are, and recent news events regarding each company. I am dissapointed because the description makes it seem like you are going to get insider info on what its like to work for each company, how to get hired, etc.... but it does not provide any of that. Save your money. You can easily get all of this information by googling a pharmaceutical companies name and reading what they have online about each company.A total waste of money.

Vault brings its famed journalistic, insider approach to internet industry employers. The Guide provides business profiles, hiring and workplace culture information on top employers, including Abbott Laboratories, AstraZeneca, Aventis, Bayer, Bristol-Myers Squibb, Eli Lilly, Genzyme, GlaxoSmithKline, McKesson, Merck, Pfizer, Roche, Sanofi-Syntelabo, Schering-Plough, and more. internet industry employers. The Guide provides business profiles, hiring and workplace culture information on top employers, including Abbott Laboratories, AstraZeneca, Aventis, Bayer, Bristol-Myers Squibb, Eli Lilly, Genzyme, GlaxoSmithKline, McKesson, Merck, Pfizer, Roche, Sanofi-Syntelabo, Schering-Plough, and more.
