It looks like the map data is from 2009 or older and has never been updated.0 of 0 people found the following review helpful. Mao w Points of InterestBy Cubical CzarVery helpful, lots of info on parks, points of interest and it not that old a map1 of 1 people found the following review helpful. Definitely recommend to anyoneBy katrina bittingerMy husband loves these gazatteers! He still uses them despite the fact that we have a GPS since they have additional information. We own 1 for every state we have visited, and I am sure if we extend our travels to another state we will order 1 for that state too. Definitely recommend to anyone.

Wouldn't it be nice to always have exactly the right kind of map, whatever your needs may be? You will, with the uniquely versatile DeLorme Atlas Gazetteer Series. These topographic atlases cover individual states with the most comprehensive detail available, including back roads, backwater lakes and streams, boat ramps, forests, wetlands, trailheads, campgrounds, public lands, prime hunting and fishing spots, and countless landmarks and points of interest. You'll also find a wealth of information on everything from family outings to wilderness adventures. The Atlas Gazetteer is ideal for outdoor recreation, business travel, home or office reference, and countless other uses.
