**Stuart Redman : Vocabulary in Use Intermediate Student's Book with Answers, 2nd Edition** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Vocabulary in Use Intermediate Student's Book with Answers, 2nd Edition:

8 of 8 people found the following review helpful. more comfortable for the advanced speakerBy Kay SI had students whom I was tutoring who felt too challenged by the High Intermediate book, so they got this one (so I got one) and I'm working w/ it with them. It's more comfortable for them, yet still enough new material for them to learn from it. I have all levels of Vocabulary in Use, and I've been happy with them all. I like working w/ them, I like the progression of words and exercises. Good resource to enhance the lessons.9 of 9 people found the following review helpful. Excelent!!By KAIThis is a great product. Seriously I've been looking for something like this for a long time. It's easy

to follow, understand and practice. I've also tried the Betty series and I found them quite complicated and overwhelming sometimes, but the approach of this autor is the best. I got both the "grammar in use" and "vocabulary in use" as well.0 of 0 people found the following review helpful. Five StarsBy Dariusz MasiarzGreat!

A three-level vocabulary series for both self-study and classroom use. Now with a revised edition for each level, this best-selling series has been fully updated to give students the support they need to master more than 7,000 words and phrases in American English. Following the popular in Use format, new language is taught in manageable two-page units with presentation of vocabulary on the left-hand page and innovative practice activities on the right. Suitable for self-study or classroom use, the books are informed by the Cambridge International Corpus to ensure vocabulary taught is useful, up-to-date, and presented in a natural context. Additional activities for extra vocabulary and listening practice are available on the companion website. Firmly based on current vocabulary acquisition theory, this series promotes good learning habits and teaches students how to discover rules for using vocabulary correctly. The Intermdiate level teaches approximately 2,500 vocabulary items.
