**Vox : VOX Diccionario de bolsillo español y inglés** before purchasing it in order to gauge whether or not it would be worth my time, and all praised VOX Diccionario de bolsillo español y inglés:

when I opened it up on my Kindle it didn't show the search bar at the bottom of the screen. I tried the "search this book" option on the Menu but when I searched a word it brought me all the places inside the book where that word appeared. I brought up the issue with customer service, which confirmed the search function was not available. So to my chagrin, back it went. As to the dictionary, I'd buy it in paper form any time (I have one copy already) because it is one of the best for English/Spanish translations. Good luck!
