**Vox : Vox Spanish and English Student Dictionary PB, 2nd Edition (Vox Dictionaries)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Vox Spanish and English Student Dictionary PB, 2nd Edition (Vox Dictionaries):

By Tandy Vox makes several different editions of Spanish-English dictionaries, so if you found one in the bookstore, make sure it is exactly what you are ordering here. (I didn't!). This dictionary is OK, but the type is a little funky and small. The English usage is British, as you will perceive by all the -ours, and -ises. Also the first section is English-Spanish, and the second is Spanish-English, the reverse of most dictionaries. I am happy enough with this since I am a casual student of Spanish. Heavy users may want one with better looking type and American English.

By Kim D. Potter I have used the VOX Spanish and English dictionary for many, many years now. I purchased this copy as a gift for a friend who is currently taking a Spanish class. I find this book is easy to use and has many of the commonly used words. It is great for beginners and travelers and is reasonably priced. You can't go wrong! Check it out!
