Four StarsBy JimLearned a little bit more, so it's ok.0 of 0 people found the following review helpful. Four StarsBy CustomerEnjoyed it immensely

Collector's Guide to Wallace Nutting Pictures contains the most complete and current Wallace Nutting price guide, featuring not only the rare, expensive prints, but also the many common popular images. Hundreds of photos aid in identification and special chapters are devoted to grading and rating prints, recognizing authentic Nutting signatures,

collecting other memorabilia, as well as identifying fakes.2001 values. AUTHORBIO: Michael Ivankovich has been collecting hand-colored photography for over 25 years, especially David Davidson, Fred Thompson, and Sawyer. He is generally considered to be the country's leading authority on Wallace Nutting and Wallace Nutting-like pictures, as well as WallaceNutting books, furniture, and memorabilia. He is the author of Collector's Guide to Wallace Nutting Pictures, Early 20th Century American Prints, and Wallace Nutting Furniture. REVIEW: This book is devoted to Wallace Nutting, America's foremost photographer. Between 1900 and his death in 1941, he sold literally millions of hand-colored pictures. His work achieved such enormous popularity that hardly an American middle-class household was without one during the first quarter of the twentieth century. This book shows collectors what key characteristics to look for, what is common and what is rare, and what the difference is between a good, better, and best picture.
