**National Geographic Maps - Trails Illustrated : Wasatch Front North (National Geographic Trails Illustrated Map)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Wasatch Front North (National Geographic Trails Illustrated Map):

0 of 0 people found the following review helpful. It stops before the northern most peak!By Tri hardI bought this to hike/bike Willard and Ben Lomond peaks. Willard is the most northern peak in the Wasatch. I thought for sure this map would have included them because of the name of the map. I must have my vocabulary wrong because they use the word "front"!7 of 7 people found the following review helpful. Excellent but datedBy R. K. PetersonNational Geographic maps are superb. Excellent, complete information well laid-out. I bought this map for the mountainous areas, and it's fine for that. But a large part of the map shows the cities and suburbs of the Wasatch Front. The map is many years old, so some things have changed in those heavily populated areas.0 of 0 people found the following review helpful. a bit old but still a great map. The fact that it's printed on plasticBy Marc D.Yes, a bit old but still a great map. The fact that it's printed on plastic, has true north and magnetic north printed on the page sold me right away on this map. I'll be buying more hiking maps from National Geographic in the future.

Waterproof Tear-Resistant Topographic MapYear-round activities abound along Utahs Wasatch Front region. National Geographics Trails Illustrated map of Wasatch Front North provides unmatched detail of the northern half of this region to meet the needs of amateur and experienced outdoor enthusiasts alike. Expertly researched and created in partnership with local land management agencies, this map features key points of interest including Salt Lake City; Strawberry and Deer Creek reservoirs; Strawberry River; Heber City; Timpanogos Cave National Monument; Orem; Utah Lake; Jordanelle, Rockport, East Canyon, and Wasatch Mountain state parks; and Weber River. This map can guide you off the beaten path and back again with miles of mapped trails including a portion of the Great Western Historic Trail and the Historic Union Pacific Rail Trail. Trail use designations and mileages are clearly marked. Alpine Loop, Big Cottonwood Canyon, and other scenic byways are noted for those taking in the scenery by car. Picnic sites in Mill Creek and Big Cottonwood canyons are marked and a handy camping guide shows campground locations, elevation, amenities, and number of sites at each. Some of the many recreation features include boat launches, trailheads, interpretive trails, swimming and fishing areas, snow parks, and ski areas. The map base includes contour lines and elevations for summits, passes and many lakes.Every Trails Illustrated map is printed on "Backcountry Tough" waterproof, tear-resistant paper. A full UTM grid is printed on the map to aid with GPS navigation.Other features found on this map include: Bountiful, Centerville, Cottonwood Heights, Currant Creek Peak, Daniels Canyon, Deer Creek Reservoir, Draper, Highland, Holladay, Lindon, Lone Peak Wilderness, Midvale, Mount Olympus Wilderness, Mount Timpanogos, Mount Timpanogos Wilderness, Murray, North Salt Lake, Orem, Pleasant Grove, Provo, Provo River, Rockport Lake, Salt Lake City, South Salt Lake, Spanish Fork, Springville, Strawberry Reservoir, Twin Peaks Wilderness, Uinta National Forest, Wasatch National Forest.Map Scale = 1:75,000Sheet Size = 25.5" x 37.75"Folded Size = 4.25" x 9.25"

About the AuthorFounded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking.Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.
